Funding supports local initiatives to prevent death and serious injury on roads and streets, commonly referred to as "Vision Zero" or "Toward Zero Deaths" Initiatives.

\$1 billion in annual funding, FY22-26

2

The Safe System Approach (SSA): Principles

- Death/serious injury is unacceptable.
- Humans make mistakes.
- Humans are vulnerable.
- Responsibility is shared.
- Safety is proactive.
- Redundancy is crucial.

3

Complete Streets

- Complete Streets are streets designed and operated to enable safe use and support mobility for all users. Those include people of all ages and abilities, regardless of whether they are travelling as drivers, pedestrians, bicyclists, or public transportation riders.

Application Details

- Final applications for Safe Streets and Roads for All (SS4A) grants must be submitted through [Grants.gov](https://www.grants.gov).
- **Please be aware that you must complete the Grants.gov registration process before submitting the final application, and that this process usually takes 2-4 weeks to complete.** Applicants are encouraged to start the Grants.gov registration process now.
- Final applications must be submitted by **5:00 p.m. EDT on Thursday, September 15, 2022.** Applicants are strongly encouraged to make submissions in advance of the deadline.

Unique Entity Identifiers

- All applicants will need to obtain a Unique Entity Identifier (UEI) through GSA to apply for grant opportunities in grants.gov.
- On April 4, the federal government stopped using Dun & Bradstreet's proprietary Data Universal Numbering System (DUNS) to identify contractors and grantees and began exclusively using the Unique Entity Identifier (UEI).
- **The process of obtaining a UEI can take up to a month, so applicants are encouraged to apply for the UEI now. If you previously had a DUNS number, your UEI has already been created and is available to view in SAM.gov.**
- For more information, see <https://sam.gov/content/home>.

Grants.gov

- Grants.gov also provides resources for applicants, including:
 - Grants 101 related materials on the overall discretionary funding process
 - Applicant training for using the Grants.gov application process

Friendly Advice and Reminders

- The SS4A program will consider one application per applicant, and applicants may only apply to one type of grant.
- Applicants must have an eligible Action plan in place to apply for an Implementation grant.
- The SS4A Program will not review or certify substantially similar plans to determine eligibility for Implementation Grants.
- Multiple Action Plan Grant applications that cover the same geographic area for an Action plan will be flagged as potentially duplicative and may not be funded.
- DOT encourages joint applications and partnerships.
